**Automotive Industry Policy, 2012**

Raipur, Date- 26 October, 2012

No. F 20-77/2012/11/(6), State Government do hereby declare “Automotive Industry Policy – 2012” to especially encourage the establishment of non-core sector industries and promote establishment of automotive industries (Automobile-Two wheelers, Three wheelers, Passenger and Commercial vehicles, Earth Movers, agricultural utility vehicles, auto-components etc.).

**(1) Preamble:**

- 1.1** “Automotive Industry” has been emerging as a sunrise sector in the non-core sector of the country. Automotive industries have been especially recognised as a sector having potential for creating employment on a large scale. The sector has grown around 12 to 15 percent per year during the last decade.
- 1.2** Establishment of large automotive Industries (Automobile-two wheelers, three wheelers, passenger and commercial vehicle, earth Movers, agricultural utility vehicle, auto-components industry, etc.) result in the creation of several micro, small and medium (Ancillary) industries that also increases opportunities for employment.
- 1.3** The State of Chhattisgarh enjoys an advantageous geographical situation, as the state is located at almost equal distances from important cities and trade centres of East, West and South India and covers markets of Chhattisgarh, Madhya Pradesh, Jharkhand, Maharashtra, Orissa and Andhra Pradesh.

- 1.4 Important pre-requisites for automotive industries are continuous and uninterrupted supply of steel, aluminium and power; all of these are available in abundance in Chhattisgarh. This is an additional advantage.
- 1.5 The State of Chhattisgarh is emerging as a “Power hub” in the country. In addition to this, one third of the total targeted production of electricity during 12<sup>th</sup> five year plan is expected to be produced in Chhattisgarh. Supply and distribution of uninterrupted and good quality electricity at competitive rates is the main attraction for major industries of the State. Hence, it is quite logical to establish automotive industries for reaping long term benefits.
- 1.6 The State enjoys favourable labour relations and congenial industrial environment, which is certainly an added attraction for automotive industries.

## **(2) Introduction and Enforceability:-**

The policy shall be called “Automotive Industries Policy - 2012” and will be effective from 1st November, 2012 for five years i.e. up to 31st October, 2017.

## **(3) Objectives :-**

- 3.1 To take initiative for promotion of a non-core sector in the State to encourage the establishment of non-core sector industries in future.
- 3.2 To fetch an investment of minimum Rs.20,000 Cr. in the sector of automotive industries so as to create 20,000 additional employment opportunities during next ten years.
- 3.3 To encourage establishment of micro, small, ancillary and medium industries in large number with the help of automotive industry sector in the State, so as to create direct and indirect employment opportunities and to promote local entrepreneurship.

## **(4) Scope:-**

Keeping in view the expected fast development of automotive industry in the State,

main provisions of new policy for Automotive Industry- 2012 are as follows:

- (4.1) Automotive Industry shall include an industry planning to establish a new unit/extension thereof (having engine plant, press shop, body shop, transmission line, assembly line, paint shop etc. at one place) on its own or as joint venture with minimum capital investment of Rs. 1000 Crore within 7 years from the date of executing Memorandum of Understanding with the Government of Chhattisgarh.
- (4.2) In abovementioned proposed automotive industries minimum amount of Rs.1000 Crore shall include capital investment and intangible assets (not exceeding 10% of the total investment). (Intangible Assets investment shall include cost of technical know-how, design, prototype etc. before start of the project shown as capital asset investment in the books of accounts of the Company.)
- (4.3) Definitions regarding investment on land, building, factory shed, plant and machinery, electricity supply and water supply under Capital Investment, shall be the same as defined under the Industrial Policy enforceable at that time.
- (4.4) There shall be no limit of capital investment for ancillaries of automotive industry/ auto components/ spare part units, however, they shall be entitled to avail the same facilities- grants/ exemptions/incentives, as declared in this policy.

## **(5) Definitions:**

- (5.1) “New Industry” means an industry commencing its commercial production after enforcement of this policy and possessing a small scale industry registration EM Part-1/ IEM/ Industrial License/ Letter of intent (issued by a competent authority in this regard as the case maybe).  
(In case of capital investment exceeding Rs. 100 cores, Memorandum of Understanding should have been executed with the State Government.)
- (5.2) “Extension, Diversion, Backward Integration, Forward integration of industry” means extension, diversion, Backward Integration, Forward Integration done after commencement of this policy and possessing a small scale industry registration EM Part-1/ IEM/ Industrial License/ Letter of intent (issued by a competent authority in this regard as the case maybe).

(In case of capital investment exceeding Rs. 100 crores, Memorandum of Understanding should have been executed with the State Government.)
